HAVE COLOR IN CHEEKS

**Be Better Looking—Take
Olive Tablets**

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lacy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. It leaves clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like child hood days, you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

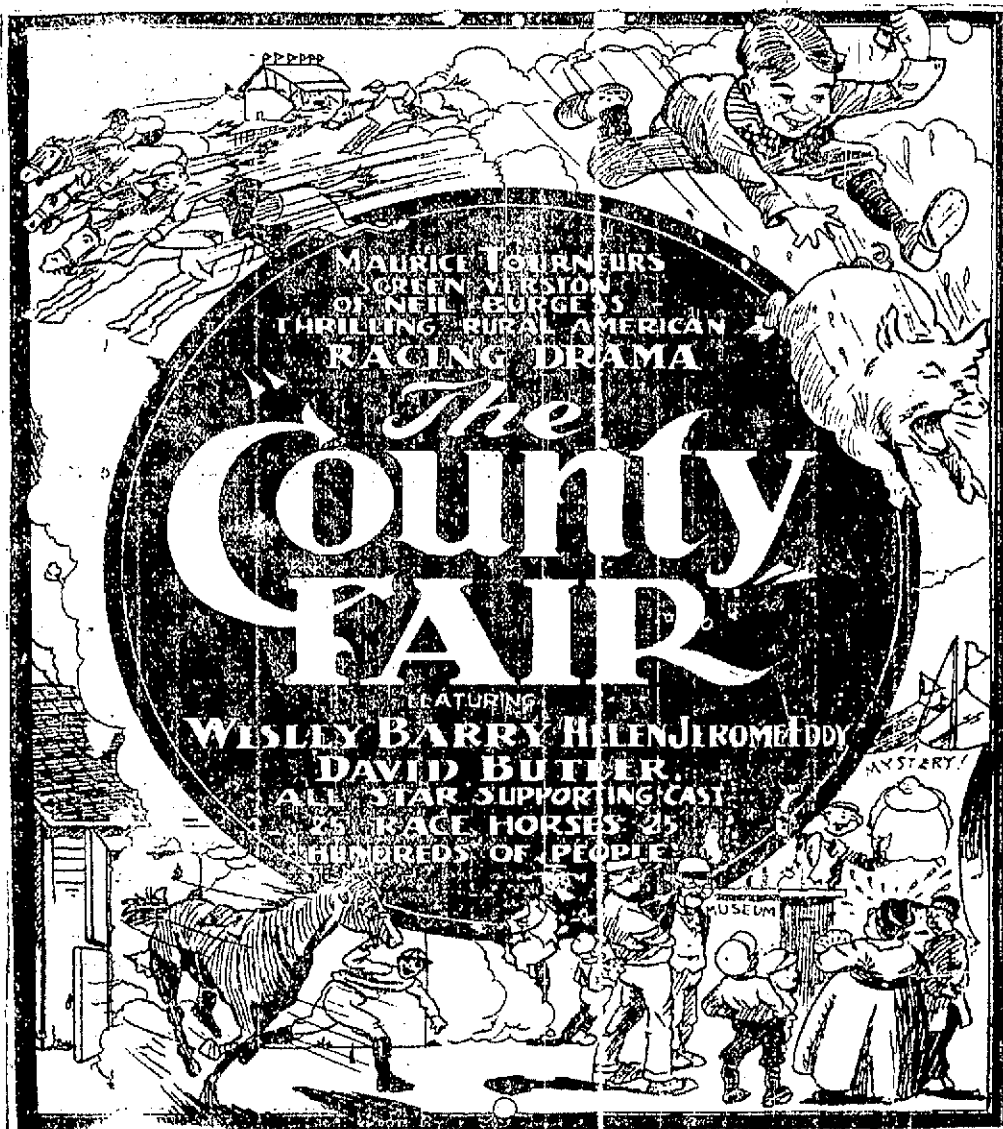

Wants to Help Other Mothers.
Mrs. Wm. Sager, 901 Nichol St., Tulsa, N. Y.: "I gladly write anything that helps a mother with her children. My little girl had whooping-cough and I was afraid she would choke. I gave her 10c of the Honey and Tar and it helped her wonderfully. She could sleep at night without coughing." This good cough syrup checks colds, stops coughing, cuts phlegm and cures raw, inflamed membranes with a healing coating. Sold everywhere—Adv.

Effects of Constipation.
Constipation causes a stoppage of the excretory system of the body. The poison thus refuse matter that should be carried away is retained in the system and often poisons the blood and causes numerous disorders. No one can afford to neglect his bowels. A dose of Chamberlain's Tablets will afford relief. Avoid drastic cathartics as they take too much water out of the system and their use is likely to be followed by constipation. Adv.

TUESDAY EVENING, FEB. 15, 1921.

MERITMENT, NOT ALARM.

It is not surprising that a job-holding Democrat should show intense partisan bias when considering a measure originating with the governor of a great Republican state like Pennsylvania, but it is surprising that a person presumed to have the qualifications necessary for holding the important office of United States district attorney would go out of his way to purposely misconstrue the spirit of the plan which has been evolved as a fair and possible means of giving every political party in the state an opportunity to have representation in the forthcoming constitutional convention.

This has been done by E. Lowrey Humes who, appointing himself his own press agent, has furnished the press of the state with a statement declaring that "Governor Sprout would create a partisan convention consisting of a membership elected by political parties." Mr. Humes conceives an evil purpose to be behind the bill which will permit every party in the state to nominate candidates for delegates to the convention, and which reserves to the governor the right to appoint one-fifth of the total number as a means of insuring representation of the minority party in event it does not succeed in the election of any considerable number of its candidates at the polls. So blindly partisan himself Mr. Humes would have the public believe that the plan for selecting the convention delegates would "deny to all persons not affiliated with or owing allegiance to a political party the right fully to participate in the consideration and formulation of the constitution," and "would destroy the independent non-partisan, uncontrolled vote of the state, especially the women, by undertaking to force the voters into political parties in order that they may participate in the selection of delegates to the constitutional convention."

In his bitter and bigoted partisanship, Mr. Humes cannot give fair consideration to the fact that the bill authorizes the governor to appoint 20 per cent of the delegates, thereby making it possible for Democrats of prominence and real leadership, who through factional partisanship in the ranks of their own party may fall of election at the polls, to be given places in the convention.

Aware as Mr. Humes and all other Democrats are that Governor Sprout has shown exceptional freedom from party bias in his consideration of all important public questions and in all his official acts, the furnishings against the plan for the selection of delegates carry no weight and will convince no one of either the truth or shrewdness of Mr. Humes' prejudiced objections. No assurance is forthcoming from Mr. Humes, had the unfortunate condition existed of having a Democratic governor, that a fairer or more impartial plan would have been provided whereby the party not in power would have had the same opportunity to secure representation in framing a new constitution as is proposed in the bill now before the Legislature.

The party to which Mr. Humes owes allegiance and the administration under which he served, have been so conspicuous for the real display of behalf of "deserving" adherents of the faith that the protests he utters with so great a show of righteous indignation, and infused innocence create meriment rather than alarm.

Wonder if Congressman Waddy realizes that he picked a hot one when he directed his likes at Judge Landis, the boss umpire of baseball, yesterday?

The income tax payers have the consolation of knowing that Congress has not delegated to the National Economic League the matter of retaining this form of federal revenue in force. At the same time they are without assurance that Congress will not do that very thing itself.

The autoists who refuse to watch their step on the gas at the West Side crossing will have themselves to blame if forced to step out and deposit a substantial fine for their neglect.

President-elect Harding has the right idea about paying his income tax that every good citizen holds; just as was expected of him.

NEWSPAPER TELLS HOW BOY WAS SAVED FROM LUNG TROUBLE

Read what the Altoona Times-Tribune says about the case of Paul McCartney. Reporter interviewed his parents and saw the boy.

The story shown below is a news article, not advertising.

Altoona (Pa.) Times-Tribune, March 26, 1920

HEALTH COMES TO LAD THROUGH ADVERTISING

Despairing Parents, As the Last Resort, Choose Remedy Heard of Through This Newspaper—Boy is Now Well and Robust

It would hardly occur to you that a miracle could be worked through advertising. One that lived to doing parents the life of the only son? Strange as it may seem, it is true. The boy who has been accomplished in a few instances, is now in Altoona, Pa. at home, healthy and robust.

Paul McCartney son of Mr. and Mrs. Shedd McCartney, residing at 272 Walnut avenue, a city and who on October 10 last, celebrated the 14th anniversary of his birthday, too, is now healthy and robust.

Paul McCartney, son of Mr. and Mrs. Shedd McCartney, residing at 272 Walnut avenue, a city and who on October 10 last, celebrated the 14th anniversary of his birthday, too, is now healthy and robust.

This news article from the Altoona Times-Tribune is reproduced by the Milk Emulsion Co., Terre Haute, Ind.

From August 1 until October 10, 1919, Paul McCartney was unable to take nourishment of any kind except in occasional small quantities sufficient to sustain the waning life. The stomach would not retain the food.

Finally the attending physician told the despairing mother that he could do nothing more than the child must die. Fortunately Mrs. McCartney's father, A. T. McCartney, residing at 222 Pine avenue, brought to his daughter a copy of the Altoona Times, containing an advertisement of Milk Emulsion.

The effect was marvellous. In an interview granted to a Times-Tribune reporter last evening, subsequent to an inquiry from the Milk Emulsion Co. to whom Mrs. McCartney had sent a letter of appreciation, she said that in three days after taking the remedy, her boy was able to walk with her aid.

After taking ten bottles, he was wholly restored to health. In substantiation of her story the reporter was shown a snap shot of Paul after he had used the emulsion three days. He was a most robust boy, as the saying goes, a plump figure with skin drawn tight over the bones.

When in contrast the mother called to her son who was engaged in strenuous play on the street, and in came a robust, healthy, and chubby little fellow, glowing like the rose. All this in spite of the ultimatum by a physician that he in any case would take so much lead according to the mother's statement.

Mrs. McCartney sent her letter to the company in the hope that other mothers could learn of the remedy which she had for her son and perhaps receive from it the same invaluable boon. She called the attention of the reporter to a bottle of the emulsion which ever has the place of honor on the buffet table of the home. She said she had every time any member of the family complained of not feeling well, Paul's lettering school regularly being enrolled in the C. C. building. Mr. McCartney is a well known machinist in the Junction shops.

Milk Emulsion is offered, on a liberal trial plan, to anyone suffering from stomach trouble, constipation, loss of flesh or appetite, stunted growth or the weakening effects of wasting disease. Take a bottle home and use it directed. If not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. \$3.10 per dozen.

Local fans are hot up over the semi-final bout which will feature Jimmy Pollack, the undefeated Dawson Sluggers, and Young Johnson of Pittsburgh. The contest will bring to the city a crowd of 10,000.

When it is over, the winner will be a popular favorite with local fans due to his two victories in the state titles. In meeting the Dawson Sluggers, Johnson will have to be as good as Johnny should he get hit and will battle back twice as vigorously. The bout is on a par with the last clash and will be worth seeing.

That the set of boys has met with a heavy sale of tickets. The contest is on a par with the last clash and will be worth seeing.

RECORD PRICE IS PAID FOR ONE SOCCER PLAYER

Since the English national game like many other sports in this country, has come into the form of high paying value. There has been no transaction rivaling the Bath Bath deal for \$50,000 as yet but word has been received of the sale for \$20,000 of Stanley Lush, a crack soccer forward who played for nothing a few years ago. The price of his purchase by the Everton club in England was said to set the high mark for the British national sport.
